

Agenda

- 1. General Assembly 2019 and Hydrological Sciences Programme**
- 2. HS SubDivision (SD) Chairs and SD meetings**
- 3. HS-Early Career Scientists Activities and reps**
- 4. New Division President and Autumn Elections**
- 5. Outreach and Communication Division Committee and new HSblog**
- 6. Division Medallists and Awardees 2019**
- 7. Medal Committees 2020 and nomination procedures**
- 8. Leonardo Conference 2019**
- 9. Communication and Outreach at Union Level + GA Survey 2019**
- 10. Hydrology and Earth System Sciences Journal: report + awards**
- 11. Outstanding Student Posters and PICO: committee, report, awards**
- 12. Any other business**

General Assembly 2019

Abstracts in programme 2005-2019: all GA

General Assembly 2019

Participants 2005-2018: all GA

General Assembly 2019

- We may reach maximum poster capacity in ~2 years
- Oral sessions can reach 80% median room fill in ~2 years, meaning 50% of the rooms will be full to overfull
- There is no possibility for new rooms or extra space in the conference center in Vienna (ACV)
- EGU has signed a contract with the ACV until 2024
- 60% - 65% (2013-2018) of abstracts are posters, which are presented in 1.5 hours only

Parallel oral and poster sessions were scheduled in 2019

- **First-author rule: not only for orals** “Authors will be allowed as first author to submit either one regular abstract plus one abstract solicited by a convener, or two solicited abstracts.”

General Assembly 2019 New format

- **08:30–10:15 TB1: Posters, orals, PICOs**
 - 10:15–10:45 Coffee break
 - **10:45–12:30 TB2: Posters, orals, PICOs**
 - 12:30–14:00 Lunch break
 - **14:00–15:45 TB3: Posters, orals, PICOs**
 - 15:45–16:15 Coffee break
 - **16:15–18:00 TB4: Posters, orals, PICOs**
 - **18:00–19:00 TB5: Networking, exhibition, and extra poster viewing**
 - 19:00–20:00 TB6: Townhalls, some medal lectures, some short courses, special events
- Avoid overcrowding in oral rooms and poster halls
 - Fit 19% more oral presentations into the meeting
 - Give PICOs 30% and posters about 7% more viewing time

GA 2019 – Hydrological Sciences Programme

2149 abstracts in today, net of withdrawals

HS: ~13.3% of total EGU GA submissions

(~ same as last years)

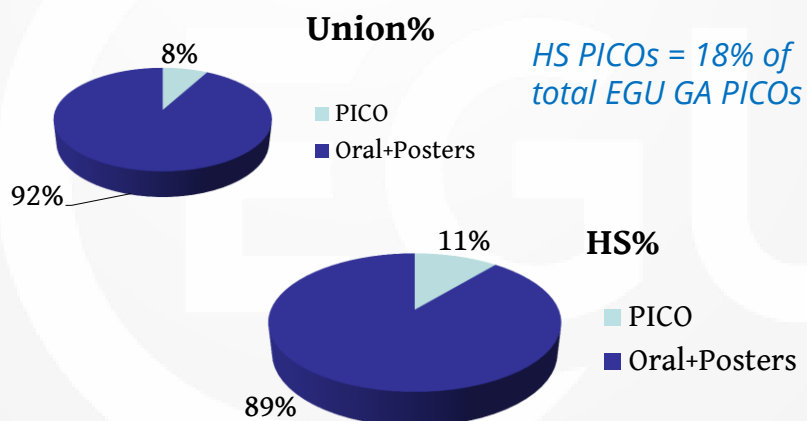

Submitted to 91 HS-lead sessions

71 Oral+Poster sessions

6 Poster only sessions

14 PICO sessions (19 in 2018), for 19 time blocks (23 in 2018)

NEW EGU Early Career Scientist (ECS) Representative for the Hydrological Sciences Division

Incoming (2019-2021):
Caitlyn Hall
 cahall13@asu.edu
 @caitlynahall

Outgoing:

Nilay Dogulu

EGU Hydrological Sciences Division is currently looking for an Early Career Scientist Representative for the term 2019-2021.

Interested candidates are now invited to apply by sending a 200 word 'vision statement' for the role along with a 3-page CV to the outgoing HS ECS rep, Nilay Dogulu (ecs-hs@egu.eu), and current HS division president, Elena Toth (toth@egu.eu), by Friday 1st March 2019.

Call for applications and elections:
6 applications
 (2 women, 4 men)

NEW Division President and Autumn Elections

EGU Elections for Division Presidents

- Serve for 2 years; maximum 2 terms
- Last elections hold in November 2017, covering the period 2019-2021
 - **Maria-Helena Ramos:** deputy president 2018-2019; president 2019-2020 and 2020-2021)
- **Next elections will be held in autumn 2019:**
 - The person elected will be deputy president 2020-2021; president 2021-2022 and 2022-2023
 - **Proposal Deputy president 2019-2020:** Elena Toth

Maria-Helena Ramos
ELECTED

Outreach and Communication Division Committee

Laurent Pfister

- Tuesday, 09 Apr: 14:00–15:45 / Room -2.85
SC2.4: How to increase the potential policy impact of your research (Workshop)

Conveners: Nilay Dogulu (EGU HS ECS Rep), Lene Topp (EC JRC)

- Wednesday, 10 Apr: 14:00–15:45 / Room C (Orals)
16:15–18:00 / Hall A (Posters)

HS1.2.1: The Science-policy interface in hydrology
Conveners: Maria-Helena Ramos (Istanbul), Wouter Buytaert (Imperial College London), Jutta Thielen-del Pozo (EC JRC), Elena Toth (University of Bologna)

Communication at the General Assembly

EGU Today

- Daily newsletter highlighting scientific sessions, short courses and other activities at the Assembly
- New this year: digital only, available at www.egu.eu/egutoday/ and through the GA app

Blogs

- GeoLog, the EGU Blog Network & EGU Division Blogs will be sharing great sessions, research, interviews and more throughout the Assembly
- Follow them at geolog.egu.eu and blogs.egu.eu

Social Media

- Sessions will be advertised on Twitter (@EuroGeosciences) and Facebook (European Geosciences Union)
- For behind the scenes access to the conference follow us on Instagram (@EuroGeosciences)
- Participants can ask questions & keep updated through meeting hashtag #EGU19

2019 Division Medallists and Awardees

EGU awards the following awards and medals each year:

- Outstanding Early Career Scientists Award at: the Division level (Division Outstanding Early Career Scientists Award) and the Union level (Arne Richter Award for Outstanding Early Career Scientists)
- Division Medals to recognize outstanding achievements by active researchers.
- Union Medals to recognize lifetime achievements, or exceptional contributions to science.

2019 Division Medallists and Awardees

Aims of EGU awards and medals:

- To recognise scientific achievements made by early career scientists;
- To recognise eminent scientists for their research contributions to the Earth, planetary and space sciences;
- To identify the awardees as role models for a young generation of scientists to foster geosciences research;
- For the awardees, to act as ambassadors for the European Geosciences Union at the global scale.

2019 Division Medallists and Awardees

HS Division Medals

John Dalton Medal:

- This medal has been established by the HS Division in recognition of the scientific achievements of [John Dalton](#).
- It is awarded for individuals in recognition of their **distinguished research in Hydrology as an Earth science**.

2019 Division Medallists and Awardees

The 2019 **John Dalton Medal** will be awarded to

Günter Blöschl

for pioneering major advances in hydrological predictions, including advances in flood estimations, by linking patterns and processes across small catchments to large regional scales.

Medal Lecture Tue 9th April, 19.00-20.00, Room B

2019 Division Medallists and Awardees

HS Division Medals

Henry Darcy Medal:

- This medal has been established by the HS Division in recognition of the scientific achievements of [Henry Darcy](#).
- It is awarded for individuals in recognition of their outstanding scientific contributions in **water resources research and water resources engineering and management.**

2019 Division Medallists and Awardees

The 2019 **Henry Darcy Medal** will be awarded on Thursday to

Petra Döll

for groundbreaking work in global freshwater system modelling, increasing awareness of threats to freshwater resources in the world, and contributions to participatory water management.

Medal Lecture Thu 11th April, 19.00-20.00, Room B

2019 Division Medallists and Awardees

The 2019 **HS Division Outstanding Early Career Scientists Award** is awarded to

Serena Ceola

for outstanding contributions to the understanding of the interplay of river dynamics, fluvial ecology and human activities.

Award Lecture on Wed 10th April, 14.00-14.30, Room B

2020 Medal Committees

The committees that select the Dalton and Darcy Medallists need a formal approval at the HS Business meeting.

Dalton Medal Committee:

- Harry Vereecken (chair)
- Dani Or
- Gabriel Katul
- Günter Blöschl
- Lena Tallaksen

(Ex-officio [not voting]: HS Division President, Maria Helena Ramos, and Chair of the Union Awards Committee, Özgür Karatekin)

2020 Medal Committees

The committees that select the Dalton and Darcy Medallists need a formal approval at the HS Business meeting.

Darcy Medal Committee:

- Elena Toth (chair)
- Yoram Rubin
- Dan Rosbjerg
- Petra Döll

(Ex-officio [not voting]: HS Division President, Maria Helena Ramos, and Chair of the Union Awards Committee, Özgür Karatekin)

2020 Medal Committees

Committee for the HS Division

Early Career Outstanding Scientist

- Maria-Helena Ramos
- Thom Bogaard
- Anne Van Loon

Proposal of candidates for the awards/medals (deadline 15th June 2019)

For the Division Outstanding Early Career Scientists Award

("a scientist who has received his or her highest degree [BSc, MSc, or PhD] within the past seven years + parental leaves")

Nomination letter (1/2 page)

Curriculum Vitae. A summary of the candidate's CV (**1 page**)

Selected bibliography. A list of selected publications by the candidate that best support the nomination (**1/2 page**). It should also state briefly the candidate's total number and types of publications and citations.

The whole nomination package for the Outstanding Early Career Scientists must not exceed 2 pages.

If you need help in the nomination process, ask for the advice of our SubDivision Chairs

Proposal of candidates for the awards/medals (deadline 15th June 2019)

For the Division and Union medals:

A - Nomination letter (1 page, main nominator must be EGU member). This must clearly detail why the candidate deserves this recognition, in particular focus on the candidate's scientific contributions to the field, their importance, their impact on the discipline and their implications for the future. The new views and new insights that have been stimulated by the candidate's work are particularly relevant.

B - Curriculum Vitae (2 pages). A summary of the candidate's CV, including the candidate's name, address, history of employment, degrees, research experience, honours, and service to the community.

C - Selected bibliography (2 pages). A list of selected publications by the candidate that best support the nomination. It should also state briefly the candidate's total number and types of publications and citations.

D - Supporting letters. Between 3 and 5 letters of support (maximum 1 page each) should be submitted.

Leonardo Conference 2019

**'Global change, landscape ageing
and the pulse of catchments'**

16. -18. October 2019

Esch/Alzette - Luxembourg

Erwin Zehe, Laurent Pfister

Website online: 1st June

Abstract submission: 15th June – 15th July

Acceptance notification: 31st July

Registration starting 15th July

Hydrology and Earth System Sciences
An interactive open-access journal of the European Geosciences Union

| EGU.eu | EGU Journals | Contact | Imprint |

Topical sessions

- Session 1: Catchment ageing and changing water cycles – a matter of co-evolution, randomness or both?
- Session 2: Moving beyond the diagnosis of catchment complexity and heterogeneity
- Session 3: Mesoscale experiments and environmental simulators – the missing link between models and field research?

LUXEMBOURG

This study uses a very interesting experimental approach over a larger scale (Switzerland) to assess the water origin of trees, combines it with some solid modelling and provides interesting empirical evidence at the end which already sparked a lot of discussion between hydrologists and plant physiologists.

Correspondence: Laurent Delobbe (laurent.delobbe@meteo.be)

This is a study, combining underground gravity monitoring and weather radar based estimation of heavy precipitation. While both techniques still suffer from limitations, this might one day offer the possibility to 'weigh' a catchment's storage fluctuations.

OSPSP Coordinators:

Luisa Hopp

Andreas Hartmann

Outgoing: Julian Klaus

Outstanding Student Poster and PICO: report + awards

Rewards the best posters and PICOs of young scientists (current and recently completed graduates)

- Coordinators: Luisa Hopp, Andreas Hartmann; Lena Noack (EGU)
- 291 poster and 62 PICOs (353) in the competition (2018: 271/57; 2017: 276/28; 2016: 271/21; 2015: 143; 2014: 377)
- 76 sessions (2018: 86; 2017: 81; 2016: 73; 2015: 59)

Outstanding Student Poster and PICO: report + awards

Procedure for participating

- (PhD-) students need to actively register (only 1 poster/PICO per year)
- at least 3 submitted evaluations per poster/PICO
- Criteria: scientific quality, presentation, and discussion
- Top 1-7 of the ranked posters win the OSPP Award (depending on number of posters in competition)

Outstanding Student Poster and PICO: report + awards

Benefits of participating:

- at least 3 judges per poster come to talk to you
- Feedback on your presentation

If you win:

- short presentation on the EGU website
- conference fee waived for the next GA
- when the work is subsequently published in HESS, the page charges will be waived

Outstanding Student Poster and PICO : report + awards

Procedure for poster/PICO evaluation

- Conveners ask and assign judges; also self-nomination is possible
- Judges automatically receive email and link to assigned abstracts (personal judge dashboard)
- Judges can accept/deny the nomination directly online
- Judges fill the evaluation form via the EGU webpage or the mobile phone app (personal judge dashboard)

Reminder for good scientific practice: when nominating judges please avoid any conflict of interest

Outstanding Student Poster and PICO Awards 2018

Seven winners in 2018, 1 for ~50 submissions, 5 posters/2 PICO

Petra Kovácsné Bodor, Eötvös Loránd University
Experimental evolution of thermal water-related precipitates

Maximilian Ramgraber, EAWAG
Joint data assimilation and parameter calibration in real-time groundwater modelling using nested particle filters

Outstanding Student Poster and PICO Awards 2018

Gabriela Guimarães Nobre, Free University Amsterdam
Forecasting and coping with maize yield anomalies through cash transfers in Kenya

Bahareh Kianfar, TU Delft
Environmental factors affecting the transport of DNA-tagged particle tracers in saturated porous media

Outstanding Student Poster and PICO Awards 2018

Mayumi Hamada, University of Lausanne
Pore-scale mixing and reactions in porous media

Sharlene L. Gomes, TU Delft
A Transdisciplinary Community-based Approach to Explore Institutional Change in Khulna's Peri-urban Drinking Water Services

Federica Bertoni, Politecnico Milano
An inverse nested approach to optimize planning and operation of water reservoir systems

Any other business

GA 2020 timeline

EGU General Assembly 2020 Vienna, Austria, 3 - 8 May 2020

1 Jun – 20 Jun 19	Call-for-skeleton: only sub-programme structure (headers), no sessions
24 Jun – 5 Sep 19	Public call-for-sessions <i>Includes GDB and US</i>
9 Sep – 9 Oct 19	Session programme finalization
9 Oct 19	PC Meeting
15 Jan 2020	Abstract submission deadline
