

The background of the slide is a photograph of a desk. On the left, a silver laptop is partially visible, with a yellow 'EGU' logo sticker on its palm rest. To the right of the laptop is a white ceramic mug filled with coffee. In the foreground, there are several blue and teal-colored notebooks or folders stacked. A white diagonal banner runs across the center of the image, serving as a background for the text.

- #EGU20
- #COVID19
- #UnifiedScience
- #ScienceMustGoOn
- #shareEGU20

#shareEGU2020

Underlying principles

- **Science must go on** to support global response to COVID19, to build a better world
- **#shareEGU20** to support worldwide connection and networking
- **#shareEGU20** to provide a new environmentally friendly model for scientific interaction.
- **Equality of opportunity** and status for all presentations – A new format
- **Open access** and transparency
- **Bottom up approach** in line with the EGU founding concept
- **Diversity, equality and inclusiveness**
- **Compliance with the EGU Code of Conduct**

#shareEGU20 and EGUsphere

is a organised repository to share knowledge about Earth, Space and Planetary Sciences

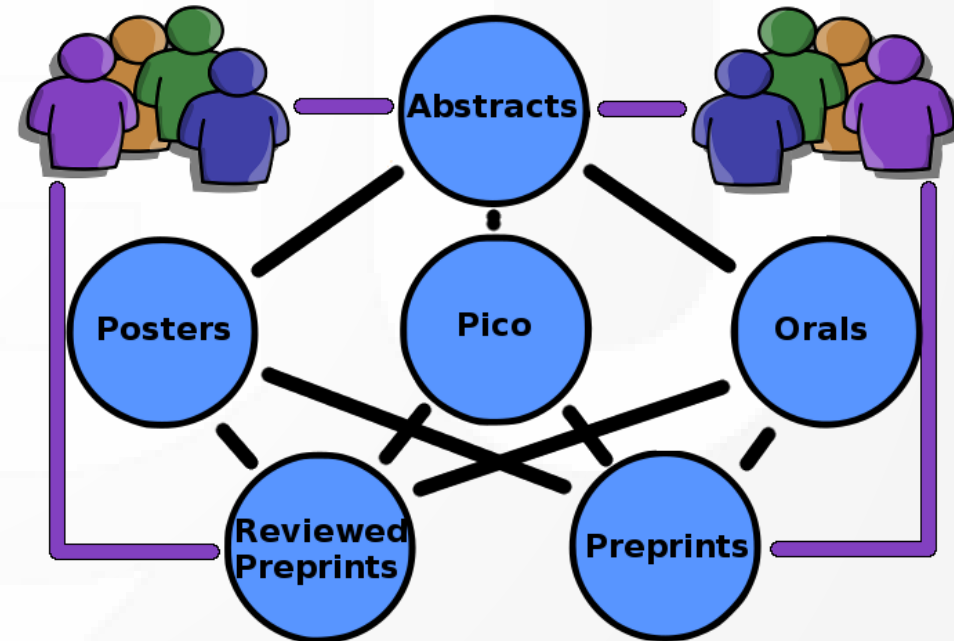

is a unique container for any scientific document published by EGU

is a discussion forum for presentations, posters and preprints

is a mentoring platform where EGU knowledge is developed, presented and shared

Sharing Geoscience Online

A new concept for online sharing and collaboration

Susanne Buiter – EGU Programme Committee Chair
EGU webinar | April 6, 2020

Meetings | Publications | Outreach | www.egu.eu

Our considerations for Sharing Geoscience Online

Our responsibility to ensure that:

- Science submitted to the General Assembly 2020 can be presented and shared
- All authors and conveners can participate, across different time zones
- Sharing Geoscience Online is accessible (in terms of bandwidth, for anyone with hearing or visual difficulties)
- The concept works for all presentation types: oral, poster and PICO

Sharing Geoscience Online in a nutshell

Our concept of Sharing Geoscience allows:

- Authors to upload presentation materials and receive feedback on those during 2 months (1 April – 31 May 2020)
- Conveners, authors and attendees to discuss session materials and open questions during a live, text-based chat (4 – 8 May 2020)
- Everyone to participate in Union Symposia, Great Debates, Short Courses, #shareEGUart, Photo Competition and more
- EGU to gather experience with online activities and use these in plans for reducing the environmental impact of the General Assembly

Sharing Geoscience Online needs you!

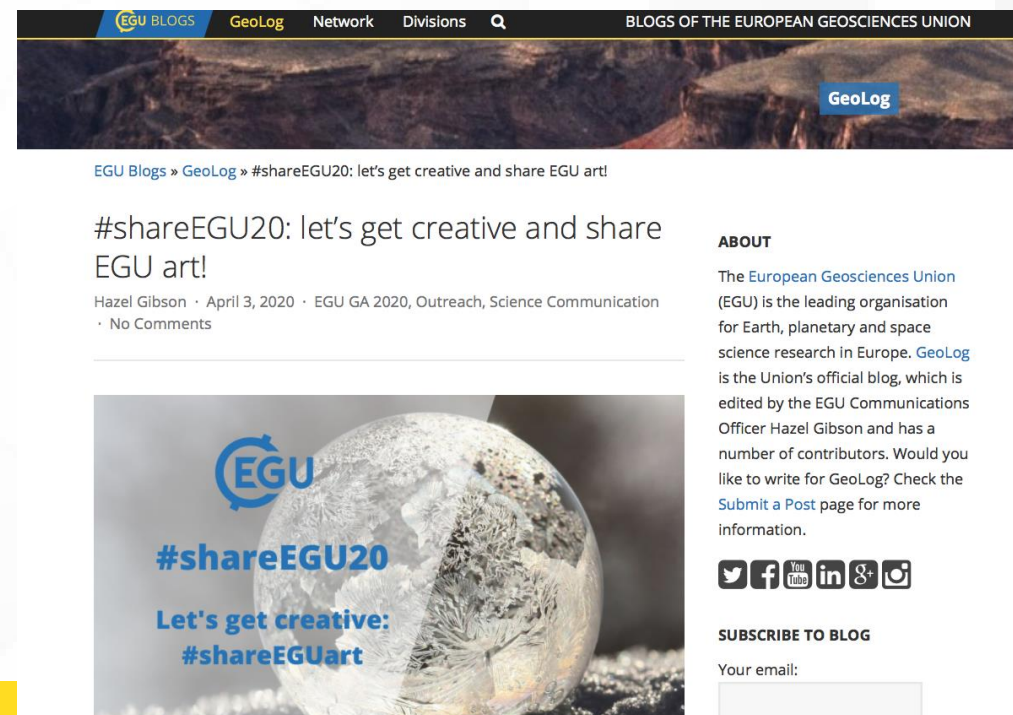

- Our concept depends on your active participation!
- Sharing Geoscience online is made for **and by** authors, conveners and attendees
- Let's see what the possibilities are on (browser):
https://egu2020.eu/sharing_geoscience_online.html
- And we do hope for feedback from all, for which we will distribute a short, online survey in early May

Sharing Geoscience aims to bring more

- Union Symposia live on Zoom
- Great Debates live on Zoom
- A selection of Short Courses (live or pre-recorded)
- #shareEGUart:
